

Nello Greer Leaves Today For Africa

Nello Greer plans to leave Thursday, March 19, by jet for Samolite, East Africa, where he will be employed with Paul Smith Construction Company at Orlando, in building a harbor.

Mr. Greer who is an early Glades pioneer, has been engaged in excess construction work for the past ten years or more and has covered a wide range of countries.

Hospital Auxiliary Luncheon April 11
The Belle Glade Memorial Hospital Women's Auxiliary held its monthly meeting Tuesday, with Mrs. J. A. Baker, president presiding.
Announcement was made of a luncheon on April 11, at the home of Mrs. Thomas Brigger. Everyone to bring sandwiches or salad.

The workshop was dispensed with, due to no working space at that time.

Read Want Ads

The Greers purchased a home in Ft. Lauderdale last year and Mrs. Greer will remain there during his two-year contract.

Braddocks Erect Steel Prefab Home

(Top) Father and sons display an interior door section, with door hung and hardware applied (right) interior section with gypsum lath already applied. M. M. Gay, Steel Homes Representative showing insulation in stalled.

Bottom — a panel with rough plumbing installed, with connections for bath fixtures on each side (the two baths are adjacent, and connections (at left) for the kitchen and utility room fixtures.

The house (from foundation up) came to the job in two piggyback trucks from factory with four days allowed for their unloading.

Design quantity production on a modern fabrication-line with framework of steel and foundation of concrete, finds the package to include plumbing fixtures, air conditioner, elec-

tric stove and cabinets packed and ready to install.
Many Glades homeowners are watching the "assembling" of this home.

Dickinson Backed By Okeechobee Waterway Board

At the regular monthly meeting of the Okeechobee Waterway Association held in Clewiston, Florida, on March 10, plans were formulated for the running of the annual Okeechobee Waterway Boat-Cade to be held on the weekend of May 16th. This year the event will start on the east coast and terminate at Fort Myers with the overnight stop at Clewiston.

Without a dissenting vote, the Board of Directors adopted the following resolution:

"Whereas the Okeechobee Waterway is the only existing cross state Florida waterway linking the Atlantic and Gulf coasts of our state and is of the greatest importance to the economy and growth of our state, and whereas the potential of this waterway has not been fully utilized and whereas Mr. "Bud" Dickinson, candidate for Governor of the State of Florida, has recommended and pledged full support and development of the Okeechobee Waterway as an early and necessary state development, now therefore be it resolved that the Board of Directors of the Okeechobee Waterway Association commend Mr. Dickinson on his foresight and express their gratitude for the forthright support of this worthy and necessary Florida development."

The executive secretary was instructed to give all possible publicity to the stand taken by candidate "Bud" Dickinson. In other business, plans were discussed in the formation of the Gulf Waterway Association with the possible future merger of the two associations to form a strong Okeechobee-Gulf Waterways Association.

American Security (Continued From Page One)

Mr. Batal's first on-the-scene contact with the Arab World came in 1943-1944 as a research-writer for the U. S. Government's Office of War Information, stationed in Cairo, Egypt. He undertook a special research project in seven Arab states, out of which experiences he wrote a book.

Mr. and Mrs. Batal returned from Beirut in the summer of 1957 and after closing their home in Massachusetts came as semi-retirees to Coral Gables to make their permanent home. Two years later the Arab Information Center of New York City asked him to be its resident-lecturer in Florida and since then he has given more than 400 talks. Various service, civic, church and patriotic groups. Also, he has addressed chapel or assembly meetings and lectured to classes in history and political science at 20 colleges and universities in the South.

He will be introduced by Mr. Pete McClellan. A question period will follow the talk.

Palm Sunday (March 22). Palms will be blessed and distributed at the 10:00 a. m. and 11:15 a. m. Masses. Tuesday (March 23, day of the Retiro para señoras de habla hispana, por el Reverendo Padre Villarronga, a las 9 de la mañana hasta las 12 de la tarde en St. Philip Benet Church. Thursday (Holy Thursday, March 26) Confessions 5-6 p. m.; Solemn Mass starts at 6:00 p. m., followed by procession to the Altar of Repose.

Sermon Topics

COMMUNITY METHODIST CHURCH — A. M. "Is He King or Lord?" P. M. "The Cross, A Symbol or a Way of Life." Rev. W. R. Boland, Minister. CHURCH OF CHRIST — A. M. "Heaven." P. M. "Is The Church Important?" Harry Darrow, Jr., evangelist.

FIRST BAPTIST CHURCH, South Bay — A. M. Dick Willis, Youth Week Pastor to conduct service. P. M. Baptism and Lord's Supper.

Church Of God Building Plans Progressing rapidly

It is hoped that within the next few weeks we can see the work begin on the new Sunday School plant. Plans are now in the process of being drawn up. A lot survey has been made and volunteers have already dropped by to tell the Pastor that they would help us to erect the building.

One of the classes has had to meet in the Sunday School bus because of the crowded condition. The church appreciates those that have called and made contributions to their building fund already.

The Church of God is tax exempt and all contributions are Tax deductible. The church is working real hard on their own part and the chicken dinners they sell every other Saturday the profit is applied on this fund.

Local Church Of God Continues To Lead Sunday School Contest

In the Sunday School competition with the Haines City church of God the Belle Glade church has won each Sunday. The closing day of the contest is Easter Sunday when the church will endeavor to break the Sunday School record of 265 by having at least 270 in attendance.

The winners thus far in the Family Superintendent is Joann and Dennis Deaton who have 289 points the winner will receive a Bible Commentary. Manual and Charlotte are the Superintendents this coming Sunday. Come out and help them to win.

The Haines City Young Peoples Endeavor are ahead in the attendance over Belle Glade and a cordial invitation is extended to everyone to be with us this Thursday night the goal is 125. There are only 2 Thursday nights left to overcome our trailing record.

McGinnis Rites Held In Alabama Dave McGinnis, 29, of 520 Johnson Ave., Indianatown, was dead on arrival at Belle Glade Memorial Hospital at 4:45 Wednesday afternoon, March 11. Death resulted from an accident in which the victim was driving a truck and it overturned in the Canal, on the Atlantic Sugar Mill Farms, where he was employed.

The body was sent to Jasper, Alabama for burial. Survivors include his wife and two children of Indianatown. Williams Funeral Home was in charge of local arrangements.

Church To Receive 22 Young People
The Community Methodist Church will receive 22 young people into the church at the Sunday morning services. The group has been attending membership classes for the past six weeks.

Sunrise Service Plans Underway

The Belle Glade Area Ministerial Association is making plans for the annual "Sunrise Services" to be held on the Belle Glade High School, Football Field at 8:30 a. m. on Easter Sunday morning March 29th. Rev. Luther Key, Pastor of the First Baptist Church will be the Inspirational speaker and a Youth Choir of the various churches under the direction of Rev. James A. Fenton, Pastor of the First Baptist Church in South Bay will furnish special music for the service.

A rehearsal of this Youth Choir will be at the First Baptist Church in Belle Glade on Sunday afternoon, March 22nd at 4:00 p. m. All Youth ages 13-25 are encouraged to attend this special rehearsal.

Ministerial Assn. Votes In Favor New Constitution

The Belle Glade Area Ministerial Association at the monthly meeting voted in favor of a New Constitution for its organization. The Association voted to change the meeting date to the second Wednesday morning of each month at 8:30 a. m. at different churches upon invitation. Five standing committees and their duties were outlined in the Constitution in that of the Public Relations, Community Service, Program, Radio and Membership.

The Public Relations Committee will be composed of Rev. Luther Key, Rev. Paul Vondracek and Rev. James A. Fenton; Community Service Committee, Rev. Herman Storey, Rev. Ora Smith and Rev. Ben Hyton; Membership Committee: Rev. M. W. Sandle, Rev. Ponce and Rev. Lossing; Program Committee of Rev. Paul Vondracek, Rev. Jimmy Williams and Rev. Jackson.

The Association, discussed Good Friday services which will be held at the Chapel of the Community Methodist Church on March 27th. The topic will be: "The Seven Words of Men Around the Cross."

Members of the Belle Glade Area Ministerial Association present at the meeting were the Reverends Vondracek, Boland, Storey, Fenton, Williams, Hyton, Sandle, Edwards and Key.

Church of Christ Activities

During the past four months a Men's Training Class was conducted on Wednesday night. The purpose of the class was to help the participants in the public worship to apply the Biblical principle of 1 Corinthians 14:19.

THE TOPICS were:
Making Announcements.
Serving as an Usher
Leading in Prayer
Reading the Bible.
Serving at the Lord's Table.
Making short talks.
The CLASS MEMBERS were: W. R. Adams, Roland Bell, Billy Bell, Eugene Chalcane, George Cook, Roger Cook, C. G. Crawford, Harry Darrow, Jr., Wayne Foreberrry, O. L. Harrison, Ben Hyton, Otis Lawson, Harvey Mathews, John Melvin, Charles Melvin, Dalton Motes, Orbie Motes, Thomas Priest, W. T. Priest, Otto Richey. You are cordially invited to attend all the services of the Belle Glade Church of Christ, 125 N. W. Avenue D.

Bishop Carroll Honors Two Local Altar Boys
Berry Banks and Philip Brane attired in black cassock and white surplice filed with other altar boys into St. Mary Catholic Cathedral in Miami last Sunday to receive a Serra Mass Server Award from Bishop Coleman F. Carroll. This award was given to them for three years of outstanding service at St. Philip Benet church in Belle Glade.

Fla. Wants Talent At World's Fair
The Fla. Development Commission is asking for amateur talent to perform at the Florida Exhibit of the World's Fair. Organizations, associations, groups of all kinds are asked to enter candidates for the amateur performances. If you have something deserving and acceptable apply to the Florida Development Commission, Tallahassee.

What do you see here? Figures of statuary? A symbol of religion? A monument to the Master? Look with your heart and you'll see something else. You'll see the soul of the sculptor.

A man mightily inspired — who wanted with his talents to worship Christ — who took stone and chisel and hammer... and all the strength of his body... and all the faith of his heart. He said to the world with his Art-Works that which he could never have spoken with his lips nor written with his pen.

For twenty centuries Jesus, the Saviour, has inspired our best. In the annals of mankind a million thrilling breakthroughs in human achievement have been dedicated to His service.

So never pass the humblest creation of sacred art — not even the crayoned Bible-picture of a child — without remembering that you too have a soul. And talents to give your God!

Phone Call To Germany Takes Only Six Minutes

Mr. Henry Elfers called Eitel, Germany near Bremen last Saturday evening at 5 p. m. and in no time flat or approximately just six minutes later he was

talking to his sister Mrs. Minnie Hester across the many miles. He had made the call to especially give his best wishes to his nephew, Herbert, who was married that evening. Mr. Elfers said for six minutes time you paid only \$9.00 and for a minutes \$18.00.

Truck Collision Hospitalizes One

A 33-year-old van driver was reported hospitalized following truck collision on U. S. 27 between South Bay and Andytown on last Thursday evening and still remains in Belle Glade Memorial Hospital.

The Florida Highway Patrol aid Doyle Fitch of Windlow, Ark., was taken to the Belle Glade Memorial Hospital after his tractor-trailer collided with a Hertz tractor-trailer driven by Pasquale Semma of Miami.

FHP Trooper George Emerson said Fitch appeared to be suffering from lacerations and bruises. The Trooper said Semma, 50, escaped injury.

Somma's truck burst into flames just as the driver climbed

out of the wreckage. Fire damage was confined to the cab, however.

Trooper Emerson said Semma was headed south on the two-lane highway when his tractor-trailer swerved into the path of the moving van, which was northbound. The two vehicles crashed almost head-on.

The impact broke off the left front wheel and an exposed fuel tank on the Semma truck, sending both trailers tumbling over the highway and spewing gasoline over a wide area.

The two trailers and flames blocked traffic for nearly 30 minutes, the trooper reported, but Semma managed to hold the fire under control until help arrived.

Damages to the truck were estimated at more than \$1500 each. Trooper Emerson said Semma has been charged with driving on the wrong side of the road.

South Bay School News

The regular meeting of the South Bay P. T. A. was held

Monday, March 16th with Mr. Riley E. Foster presiding in the absence of Mrs. Mary Waters.

Mr. George S. King led the group in the opening devotional.

Mr. H. A. Ouellette announced that the 30,000 BTU air conditioner for the sixth grade has been ordered and will be installed in the near future.

The guest speaker for the evening was Mr. Ed Eisey, candidate for the position of Superintendent of Schools in Palm Beach County. Mr. Eisey

gave a talk and showed the film of the past years trip to Washington, by the Safety Patrol Students of Palm Beach County. Mr. Eisey stated that they made the first trip in 1957 with 32 students and chaperones.

This has grown so that we will have almost 800 students and chaperones this year. The group will go by train, chaperoned by teachers, policeman and policeman. All details of foods, hotel reservations and transportation has been carefully planned. Tentative departure date from West Palm Beach May 13, and the group will return May 17.

Mr. Eisey has as his guest,

Mr. Ed Channey, representative of the Seaboard Railroad. Mr. Channey has complete charge of the transportation, and has been doing this since they first started in 1957. Mrs. Laura Willett, 2nd grade and Mrs. Elizabeth Willett, 8th grade won the room count.

The following hostesses served refreshments for the evening: Mrs. Riley Foster, Mrs. Robert Stokes, Mrs. Howell Goodbread, Mrs. J. K. Davis, and Mrs. Robert Mace.

In Service

John T. Gilson, intern communications electrician, third class, USN, son of Mr. and Mrs. Irvin Gilson of 101 Southwest Avenue E. Belle Glade Fla., is participating aboard the attack cargo ship USS Semmole in a coordinated U. S. National Chinese amphibious exercise called "Operation Backpack" he left yesterday off the coast of Taiwan.

"Backpack" is an exercise to test the amphibious capabilities and readiness of the forces of the Seventh Fleet and the National Chinese Navy. The exercise, with over 10,000 men and 140 units participating, will culminate in an amphibious assault on beaches of southern Taiwan, and will demonstrate effectiveness of the United States Seventh Fleet to rapidly move a significant combat force to a troubled area in order to assist an ally.

Prior to the assault, aircraft of the Seventh Fleet will soften beach defenses. In addition, support ships will conduct anti-submarine warfare exercises and the area surrounding the beachhead will be cleared of any obstructions and mines.

"Backpack" is similar to those exercises conducted periodically by units of the Seventh Fleet with SEATO and other allied nations in the Far East to improve their proficiency in coordinated amphibious warfare operations and to maintain working relationships with allied nations.

AMERICA'S most modern refinery now serving Florida

With giant strides, the South marches forward.

More industries! More people! More tourists! More income! And—far more automobiles, requiring hundreds of millions of gallons of petroleum products each year.

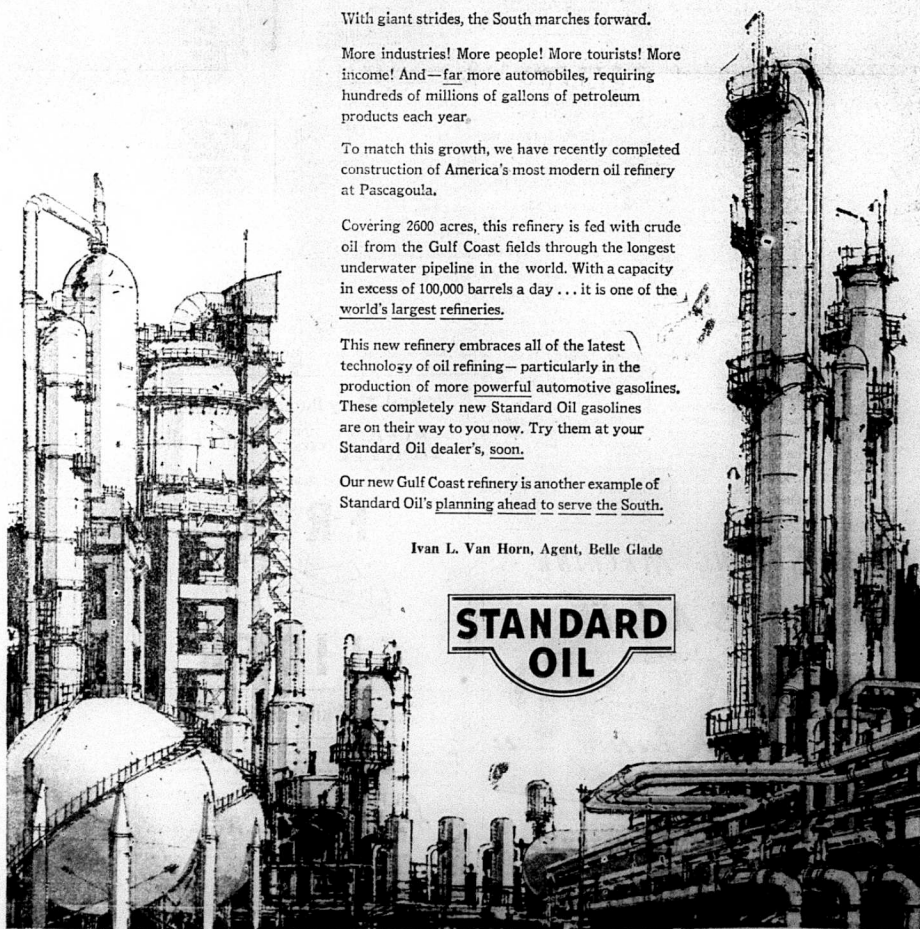

To match this growth, we have recently completed construction of America's most modern oil refinery at Pascagoula.

Covering 2600 acres, this refinery is fed with crude oil from the Gulf Coast fields through the longest underwater pipeline in the world. With a capacity in excess of 100,000 barrels a day... it is one of the world's largest refineries.

This new refinery embraces all of the latest technology of oil refining—particularly in the production of more powerful automotive gasolines. These completely new Standard Oil gasolines are on their way to you now. Try them at your Standard Oil dealer's, soon.

Our new Gulf Coast refinery is another example of Standard Oil's planning ahead to serve the South.

Ivan L. Van Horn, Agent, Belle Glade

STANDARD OIL

STANDARD OIL COMPANY (KENTUCKY)

Carolina Cracker Enters Sebring With Ford Cobra

Latest star of the auto racing world to sign in as a driver for the SEBRING 12-HOUR ENDURANCE RACE, Saturday, March 21st is one of America's most famous and heroic big car oval pilots, Deweyne "Tiny" Lund, hailing from Cross, South Carolina.

"Tiny" as he is known to thousands of his fans and friends, skyrocketed to fame with his 1963 win of the Daytona "500".

Standing tall in the saddle and also in girth, Lund was one of five who pulled Marvin Panch from a flaming sports car wreck, winning for himself, the seldom awarded Car-

-Your Library-

By Bunny Casselman
There was once a time, and a custom, that was known as the children's hour. Longfellow

signed Foundation award for Sebring.

Lund, for the one and only Sebring Classic, will be at the wheel of one of the all new Ford Cobras, custom ordered and to be re-driven by Graham Shaw of Columbia, South Carolina.

With seventy top flight cars already signed in and reserve entries eagerly awaiting the possibility of a last minute scratch, Saturday's 21st of March, 10:00 a.m., famed Le Mans type start, promises the four of engines comparable only to the misadventures of space.

wrote a poem about it. In the pre-You Bear days, wise parents used part of the hour for reading aloud to small children. Because laps, rocking chairs, and familiar voices still have qualities the television screen lacks we recommend a revival of the habit.

The following books were given high ratings for us by three avid picture book fans, ages two to six.

Swimmy, Lionni.

Is your pre-schooler fascinated by fish? This is for him, an imaginative story of a little black fish, who lived in a corner of the sea, somewhere. The pictures have a dreamy quality, but there is action enough in them to appeal to the most restless child.

We have a Spanish edition of this, also.
The Daddy Days, Simon.

Here is an older book from the library that keeps reappearing at one house each time its preschoolers select their own books. The language is their own. "All our days are good days, especially the daddy days." These are when Daddy is home, when they take leaves, go down town together, get hair cuts, and have picnic suppers.

The pictures are vivid, and exciting, and like the language, give the child's point of view. **Three Little Horses, and Three Little Horses at the King's Palace, Piet Worm.**

These are whimsical Whitey, Blackie, and Brownie have real charm — children love them on sight. Sometimes they are dressed in shoes and crowns, or even in pajamas, but they are very real little horses to the

children.
Are You My Mother, Eastman. From the Beginner Books Series, this 100 word vocabulary book is intended for first graders. However, our two year old book lover has been demanding that it be read to him, twice a day, for two months now. If you will look through it, at the expressions on the face of the baby bird as he looks for his mother you will catch some of his enthusiasm.
Captain Kangaroo's Storybook, and Captain Kangaroo's Sleep-time Book.

These book covers, alone, should capture the TV audience. Although they have appeal for older children, in school, it is surprising how intent the young-ones become, as the stories of THE POLITE LITTLE POLAR BEAR, THE SPIDER AND THE FLY, THE PINK CREAM PITCHES and THE TRAIN THAT WOULD NOT STAY ON

THE RACK are read. There is variety enough in the collections to fit any mood.

The Big Book To Grow On.

An English edition of a prize-winning Austrian book, here is a "different" book, different because it lacks the brush, obvious appeal of most American picture books. Although the old world charm of the pictures may appeal more to the grownups, the story appeal is for the children. A family book, with stories for tots through teenagers, it is excellent for "reading aloud."

SHELL GUIDE TO THE SEBRING 12-HOUR ENDURANCE RACE
Place: Sebring, Florida
Date: Saturday, March 21.
Time: Starts 10 A.M., ends 10 P.M.
Winner: Car that has covered greatest distance at the end of 12 hours.
Length of course: 5.2 miles (one lap)
Winning car usually travels over 200 laps and over 1000 miles during 12 hours of the race.
Number of cars entered: 65
Kind of motor oil used: Free choice
Kind of gasoline used: Free choice
Aviation: Ferrari (will use Super Shell gasoline and Shell motor oil).

A Ferrari winning the '63 Sebring. The race is a car killer: 200 times around the remains of some World War II bomber strips; 1000 miles of exasperating turns, back-racking acceleration; and sharp braking; 12 hours of constant gear shifting. A grueling test of cars and drivers — of motor oils and gasolines. Ferrari runs on Super Shell.

Saturday at Sebring

CAN THIS SUPER SHELL CUSTOMER WIN HIS FOURTH STRAIGHT VICTORY?

Enzo Ferrari is favored to win at Sebring for the fourth year in a row. Again, he has picked Shell for his cars — above all other gasolines and motor oils. Read why.

Last year, the cars of Enzo Ferrari placed 1-2-3-4-5-6 at Sebring. No wonder Ferrari is favored to take this grueling 12-hour endurance race for the fourth straight year.

Ferrari puts his soul—and Shell oil—into every car he builds.

Ask him why he makes only two cars a day, and he will tell you if he made any more they would not be Ferraris.

Ask him why he puts his faith exclusively

in Shell oil, and he will tell you in his own words.

"My loyalty to Shell springs from my experience first as a racing driver, then as director of the Ferrari racing team, and finally as a car manufacturer.

Thirteen world championships have been the result of this happy association with Shell."

What about gasoline? All entrants must be

permitted the same free choice of gasoline that they have of motor oil. The gasoline must be commercially available. No dictating, no fixing.

4 reasons for Super Shell

Defending champion Ferrari again has called on Super Shell gasoline. He knows that the fuel that goes into a winning car must be able to do these four things:

The gasoline must 1. give good mileage to

Ferrari 250 LM
 Ferrari's hopes for a record fourth straight Sebring victory lie on his 250 L.M. Top speed: nearly 200 m.p.h.

hold down pit stops for refueling. 2. fire instantly after there is a pit stop to save precious seconds. 3. deliver power to accelerate at speeds over 100 miles an hour, and 4. resist high-speed knock which can damage a piston.

The Super Shell that Ferrari will run on is

everyday "pump" gasoline. The same Super Shell gasoline, with the same 9 hard-working ingredients, you can get at Shell stations. Try a tankful next time you fill up and see if your car doesn't run better, too.

In your car, Super Shell Motor Oil can help reduce repair bills, prolong engine life; Super Shell can give you power and good mileage.

Stambaugh Favors Aid To Glades Ports

Citing a seven-year record of "Constructive, Conservative, harmonious Commission administration of Port of Palm Beach affairs," Chairman Gleason N. Stambaugh announces his candidacy for re-election to the Port Commission, in Sub-district 2, Group 1.

Pointing out the fact that all three members of the Board have worked for seven years to reduce the bonded debt of the Port from nearly \$3 million to a present \$993,000, he said by the end of this year the Port will completely retire all its General Obligation Bonds leaving less than \$100,000 in certifi-

icates of indebtedness. "Income from operations during the fiscal year ending October 31, 1963 was within 10 percent of the best year in the history of the Port and it is estimated that the current year will break all previous records."

"When Castro Knocked out the Port principal customer in 1960 the Commissioners and management set out to develop new diversified business," the Chairman said, "with the result that the loss of the big railroad car ferry income has been replaced this year."

"We now have regular steamship passenger service to care for rapidly expanding Bahama trade, specialized island cargo services, a diversified international shipping company which has its entire fleet and home offices at the Port, and two bulk cement operations, soon to be expanded by installation of a million and a half dollar storage facility," the Chairman said.

"The barge ports at Belle Glade and Pahokee are important to the economy of the Glades and have already proved useful to the sugar industry. The Board proposes to co-operate in the development of more business and improvement of the barge business and improvement of facilities at these two ports which are under our jurisdiction."

Stambaugh, a resident here for the last 54 years, is now

Leaves Active Monument To An Ingenious Idea

Thomas W. Briggs, 77, founder and President of Welcome Wagon International, an organization that makes newcomers feel welcome in communities, died last week in New York City.

Welcome Wagon originated in Memphis, Tenn., 36 years ago, and today has 5,000 hostesses in more than 2,000 cities in the United States, Canada, Puerto Rico and the West Indies. In 1953 Welcome Wagon bought a 17-story Manhattan Building for its main headquarters. Other offices are in Memphis, San Francisco and Toronto, Canada.

Mrs. J. I. Freedlund has been the Welcome Wagon hostess in Belle Glade for over 15 years, greeting newcomers to this city with a basket of gifts from public spirited merchants in town. Cleverland has had Welcome Wagon Service for a number of years, and soon Pahokee and Okeechobee City will have this service.

Ernest G. Everett, 86

Dies In Miami Monday

Ernest G. Everett 86, of 3040 S. Seacrest Blvd. Boynton Beach passed away Monday at Veterans Hospital in Coral Gables. Captain and Mrs. Everett have visited many times during the past 25 years with Mrs. J. I. Freedlund of Belle Glade, and her son, Maurice Hart of 332 Cadima Ave., Coral Gables. Captain Everett served in the Spanish American War, and spent nearly 2 years in the Philippines. He was a Past Commander of Veterans of Foreign Wars and of United Spanish War Veterans. He was a Mason, member of Eastern Star and was an Elk for 54 years. He was a member of the Congregational Church of Sierra Madre, California. Services were held Wednesday, March 11th in Philbrick's Coral Gables Chapel with cremation following. Rev. Boland officiating.

Ernest's second term as Chairman of the Port Commission. In addition he has been a member of the Board of the Florida Inland Navigation District, representing Palm Beach County, for the past 14 years. He has served as Chairman of this Board, covering 11 counties from Jacksonville to Miami, for the last six years.

Stambaugh is National Chairman of the Committee on Inland Waterways of the Rivers and Harbors Congress, serving his second year as head of this group; was a charter member and is now a Director of the Florida Waterways Association for the Sixth Congressional District.

McDonald Enters School Supt. Race

John McDonald, Supervising Principal of the Central Schools and Principal of Palm Beach High School, has filed for Superintendent of Public Instruction in the May 3 countywide Democratic primary.

McDonald called attention to his announcement statement of several weeks ago when he was the first candidate to request a leave of absence from his school before starting to campaign.

This request resulted in all three Democratic candidates signing an agreement with the County Superintendent not to neglect their school duties, but to campaign before and after school hours, with the earliest date for leave of absence to begin after Friday, April 3.

Forty-nine year old McDonald outlined his platform, based on

maturity, economy, efficiency and experienced leadership in a better school system at less cost.

He points out that his maturity plank is based on his age and 16 years of administrative experience, including grades one through junior college, that provides the experience for proper academic planning, and coordination of school board, teachers and taxpayer interests.

McDonald states that economy can be secured in operation of the school system through operational expenditures and making full and better use of present facilities and staff, in the area of responsibility as defined by law for school superintendents.

Even with conservative budgeting, McDonald says he can provide efficiency through streamlining school administration, elimination of overlapping duties and providing continuity of subject matter from grade to grade with modern methods and techniques.

He believes his experience in every academic field is necessary to assure economical extension of vocational and technical school programs throughout the county; to make school facilities available to community interests, including school libraries for adult education; to provide better communication to the public of school progress and problems and to train presently employed experienced teachers for future administration.

tive duties.

In his academic and community record of a man, educator and administrator, McDonald lists these accomplishments and honors:

Born 1915, Lockport, Ill. Married, 2 grown children, both graduates P. C. County public schools.

Member, St. Juliana's Catholic Church.

3 1/2 years active duty, U. S. Navy; 21 years Naval Reserve.

Immediate Past President, Downtown Kiwanis.

Member, American Legion Post 12, Reserve Officers' Association Naval Reserve Assoc.

Resource Development Board, Bachelor of Arts Degree, Univ. Illinois, 1937.

Master's Degree in Education, Univ. Florida, 1950.

Holds Rank 1 Teaching Certificate, grade possible.

Life member Florida Education Assoc.; member National Education Assoc.; Parents-Teachers Assoc.

27 years teacher and school administrator; experience includes: Teacher and coach, Coral Gables; Ponce de Leon High

School; Miami Senior High; Supervising Principal of the School; Palm Beach High School; Central Schools (Grades 1 thru 14) and concurrently, Principal, Palm Beach Junior College, Palm Beach High School.

The Home All Florida Has Awaited!

The Sensationally - Priced "FLORIDIAN"

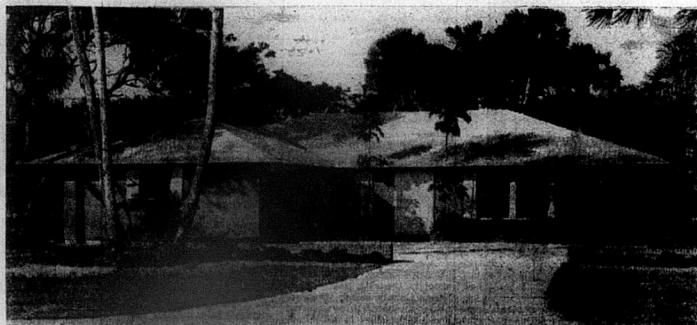

...America's FIRST Truly Mass-Produced House

By United States Steel Home Division

— O —

2113 Sq. Ft. Of High Quality Throughout

...3 Bedrooms, 2 Baths, Central Heating And Air-Conditioning

Now Under Construction At 785 SOUTH MAIN ST. — Across From Catholic Church

**"The Floridian" (Saving You Thousands Of Dollars)
Was Built To Last A Lifetime, With Low Upkeep**

*** See It Now ... Right Here In Belle Glade**

A highly appealing, top-quality, Florida-minded house you can buy right now for AT LEAST \$5,000 LESS than comparable conventionally-built homes! ... How is this possible? Because this substantial, 2,113 sq. ft. house with brick exterior is the result of 100% EXPERT MASS-PRODUCTION. Every inch of "The Floridian" (which nicely meets FHA standards and Florida building codes) is engineered to perfection ... thus permitting rapid erection. It features the time-tested Steel Structural System developed through U. S. Steel research. This makes "The Floridian" stronger, longer-lasting, more economical to maintain than non-steel homes. U. S. Steel's unexcelled skills in engineering, designing, architectural "know-how," mass-production and purchasing are reflected in every facet of this remarkable house. Seeing is believing ... so come first chance you get - - to see for yourself. It will be a visit well worth while, we can assure you!

TYPICAL FEATURES OF THE INCOMPARABLE "FLORIDIAN"

- STEEL STRUCTURAL SYSTEM ... same inherent strength found in skyscrapers and bridges
- A TERRIFIC 2113 SQ. FT. OF SPACE ... including a 18' x 20' enclosed garage with finished walls
- CENTRAL AIRCONDITIONING System
- CENTRAL HEATING System
- COMPLETELY INSULATED ... exterior walls and ceiling; full thick insulation
- BRICK EXTERIOR; no maintenance!
- 20-YEAR ROOF SHINGLES; windproof
- VAPOR BARRIER surrounds entire house
- 36" OVERHANG
- FINISHED FLOORING ... Armstrong white vinyl asbestos floor tile
- SCHEIRICH KITCHEN CABINETS in natural birch finish; with Lazy Susans
- FORMICA COUNTER TOPS, post-formed
- G. E. RANGE, OVEN - DISHWASHER
- ALUMINUM SINGLE-HUNG WINDOW SASH ... with Screens
- EIGHT SPACIOUS CLOSETS
- SLIDING GLASS DOORS (safety glass) with Screens
- FLUSH MAHOGANY DOORS, Yale & Towne Hardware
- DECORATOR STEEL FOLDING CLOSET CLOSURES
- DRESSING ROOM with Master Bedroom
- CONTOUR BATH TUB, wall-hung water closets, oversize medicine cabinets, vanity with white glitter top
- DE LUXE LIGHTING FIXTURES ... and electrical convenience outlets on the outside

Mrs. Ruth Oldham Seeks Election As Co. Registrar

Mrs. Ruth Oldham, a deputy clerk in the Palm Beach County Registration Office has announced she will be a candidate for the office of Supervisor of Registration in the May 5th Democratic Primary.

Mrs. Oldham, a native of Ohio has resided in the West Palm Beach area since 1958. In 1961 she served on the Precinct Revision Board established by Supervisor Daniel Gorham.

Mrs. Oldham was active in voter registration drives and set out the vote campaign prior to be employed in the registration office.

The candidate and her husband reside at 4416 Beech Drive, West Palm Beach.

Appointed FF&VA Convention Ch.

Representative
W. Allen Markham

John W. Evans, Oviedo, president of the Florida Fruit & Vegetable Association announced the appointment of W. Allen Markham, Okeechobee as general convention chairman for the 21st annual convention of the growers organization.

Evans announced that the convention will be held at the Americana Hotel, Bal Harbour, Miami Beach, September 22, 23 and 24, with pre-convention events on the 21st and related meetings on the 25th.

"We are pleased to announce the acceptance of Mr. Markham to this important post. He has served in the State Legislature as Representative from Okeechobee County for several sessions and is well known throughout the state and nation as an active, able civic and business leader."

"He is a director of FFVA, chairman of the Processed Vegetables and Sub-Tropical Fruits Committee, and chairman of the insurance committee. He is a director of the Florida Vegetable Canners Association, member of the National Tomato Council and member of the National Canners Association. He is active in several civic and social organizations," Evans said.

Serrano And Fernandez Offer Ballet

Lupe Serrano and Royes Fernandez, prima ballerina and premier danseur, respectively, of the internationally renowned American Ballet Theatre, will perform highlights from the world's best-loved ballets at the All-Star Ballet Gala, which producer Frank J. Helle will present for five performances at the Royal Poinciana Playhouse, Palm Beach, from March 28th through 30th.

The American Ballet Theatre, which has toured throughout this country, was the first American company invited to dance in the Soviet Union. In 1960, at the Bolshoi Theatre, Miss Serrano performed Cléo de la Nuit, the pagan girl, in "Le Combat" to a standing ovation. Her success was so great, in fact, that the performance could not continue until she repeated the fabulous "fan" variation. Mr. Fernandez, for his part, astonished the Russian critics who marvelled that the Western World had produced a dancer of such quality.

A native of Santiago, Chile, Lupe Serrano began dancing at the age of four. When she was twelve the family moved to Mexico City and Lupe began studying ballet seriously with Nely Dambre. She made her professional debut the following year in "Les Sylphides" with the Ballet of the Palacio de Bellas Artes. Her partner, Royes Fernandez, has the enviable distinction of being in constant demand as a partner for the world's leading ballerinas. During the past year he has not only toured with American Ballet Theatre, but has danced in Honolulu with British ballerina Dianne Richards, in Oklahoma City with Maria Tallchief, in London with Danish ballerina Toni Lander at the 1963 Gala Matinee of Ballet in the presence of the Queen Mother and Princess Margaret, and around the world with Dame Margot Fonteyn.

In addition to Lupe Serrano and Royes Fernandez, the All-Star Ballet Gala will offer the artistry of the fabulous Hungarian team of Nora Kovach and Istvan Rabovsky and Palm Beach's own Claudia Cravey and Richard Dodd, supported by the Palm Beach Ballet Co. Presented as the third event in this season's Performing Arts Festivals, under the sponsorship of the non-profit Academy Royale Theatre, Inc., the All-Star Ballet Gala will give three evening performances at 8:30 p. m. — March 28, 29 and 30 — and two 2:00 p. m. matinees on March 29 and 30. Tickets for the evening performances are priced from \$3.50 to \$5.50, with opening night seats slightly higher, and for matinees at \$2.50. Student tickets for all performances will cost \$2.50. For information and reservations, please call the Royal Poinciana Playhouse box office, TE 3-5541.

PB County Food

Prices Reduced

Survey Reports

According to the report of Richard C. Pilger, PB County Information Officer, "the rest of the Nation paid 4.7 percent more for the same food than it cost in Palm Beach County, during December."

The comparisons are made "using the same quantity and quality list as used by the Department of Labor in 46 cities throughout the country and priced locally the same day."

Whitehall — Sometimes Called "The Taj Mahal Of America"

"Build me the finest home you can think of," Henry Morrison Flagler instructed Carrere and Hastings Architects of national reputation as a tribute and gift to his bride Mary Lily Kewan. "Florida is a tropical paradise that I feel one day will be appreciated as much by all of my fellow Americans — I will build this lovely home — to encourage others to build their homes here."

Amazing as it seems, the architects spent only \$2,500,000 on building

Henry Morrison Flagler is entitled to a Memorial as a permanent reminder of the historical significance of his making Florida's east coast, accessible, desirable and popular as a refuge from winter winds of the North. This Maverick from the ancestral Proficiency of Servants of God in a Pulpit, deserves the brilliance, dignity and perman-

ency of the Henry Morrison Museum, because of the distance travelled from his start as a 14-year old from the near bare table of Seventeenth Century Presbyterian Minister's family. His pledge to his remonstrating father that "I will gather material things to contribute more bountifully towards God's Works," is evident in the church built along the east Coast of Flori-

da. Whitehall, the other millions were spent in interior decorations, furnishings and treasures of art.

Jean Flagler Mook, a granddaughter, organized a Florida non-profit corporation to acquire Whitehall as Museum to her grandfather — "to remind Florida of their heritage, and to serve cultural and civic needs."

Henry Morrison Flagler would revel in the activities of Palm Beach County today; wherever he is, we know there must be great satisfaction to have been active in origin and establishment of such a community.

No one appears more capable and enthusiastic in telling the world of the Flagler Museum than Grant R. Bedford, the Museum Executive Director for

er; he sold himself to Old Man Morrison's daughter; he sold himself and abilities to travel; he continued the search for the Fountain of Youth for his wife in pushing his railroad and chain of hotels on down to Daytona, Palm Beach, Miami and Key West.

Flagler was a Salesman; he sold his abilities to "Old Man

Capt. Wm. R. Kidd Administrator Of I. I. Fund

Governor C. Farris Bryant said: "I take great pleasure in announcing on behalf of the Trustees of the Internal Improvement Fund the appointment of William R. Kidd as Chief Administrative Officer of the Fund. Mr. Kidd has been administrative assistant and military aide to me and engineer for the Internal Improvement Fund since January 1961.

"Under the auspices of the Trustees much progress has been made in recent years. A survey of State lands has been conducted, giving us for the first time in the modern history of our State an index and knowledge of the land held in trust by the State for its citizens. The Trustees spearheaded the program which led to legislative passage and subsequent voter approval of a re-creation program in keeping with our needs of today and in anticipation of our growth.

"Much of the credit for these accomplishments belongs to William R. Kidd, the first registered professional engineer to have served on a Governor's staff. Bill Kidd has been a spark plug in our drive to place new emphasis on conservation of Florida's lands, and a leader in the movement to place more emphasis on judicious acquisition of properties which now or in the future will provide recreational use for our expanding population.

"As administrative assistant, Mr. Kidd has served as advisor to me in matters relating to flood control, water conservation, shore erosion, civil defense national guard, outdoor recreation, and as Florida Indian Agent. He was chairman of the committee on recreational development which conducted the studies and prepared the recommendations leading to the development of the Outdoor Recreation, and Conservation Act of 1963.

Mr. Kidd was city engineer for the City of Ocala before joining the Governor's staff, and his prior experience includ-

ed service as chief design engineer of the Central and Southern Florida Flood Control District, assistant water control engineer in Dade County, and as an engineer with the U. S. Geological Survey.

Mr. Kidd is married, with three children and resides in Tallahassee.

For better crops ... Agricultural Chemicals by CHEMAGRO

Outstanding Fungus Control!

Dyrene effectively combats early blight, late blight and Rhizoctonia ... Greatly Increases Celery Yields ... Upgrades Quality

Dyrene is so effective that significant increases in both crop quality and yields usually result from its use. In 6 years of cooperative research and commercial use, Dyrene has proved its outstand-

ing control of the important fungus diseases that attack celery. Growers from every important celery area of the country report substantial increases in yield over fields treated with conventional fungicides. Dyrene will not harm foliage ... does not affect flavor or odor ... leaves no harmful residue. For finer celery and more of it, use Dyrene. It works! At your farm supply dealers.

U.S. Royal tiger paws.

Only \$3 more than ordinary tires.

A high-performance car like Pontiac's new GTO—the wildest car in Detroit—requires a high-performance tire. So they went out and got tiger paws for their tiger: U. S. Royal Tiger paws, also known as Super-Safety 800s. And no wonder. Here's what the tiger's paw has done in special tests for safety and durability:
100 miles at 120 mph without a failure. 17,000 miles at 83 mph (16 hours a day) without a failure.
It has a construction that's taken 300° temperature build-ups without flinching. And that's well above the temperatures it's

ever likely to run.

The tiger's paw is sure-footed at high speeds. It corners nimbly and quietly. It gives you a nice sense of stability when you're taking a curve.

If you do a lot of driving at turnpike speeds, then you ought to have a set of tiger paws under you.

We have the U. S. Royal tiger's paw in stock now.

It costs \$1 more than ordinary, large-size standard equipment tires and only \$2 more in Chevrolet, Ford or Plymouth sizes. Not much scratch for a tiger's paw, is it.

C. E. (Red) Taylor Announces In Race For Sheriff's Job

Clinton E. (Red) Taylor, Director of Operations for the Florida State Turnpike Authority and a former captain of the Florida Highway Patrol, today (Thursday) announced his candidacy for sheriff of Palm Beach County.

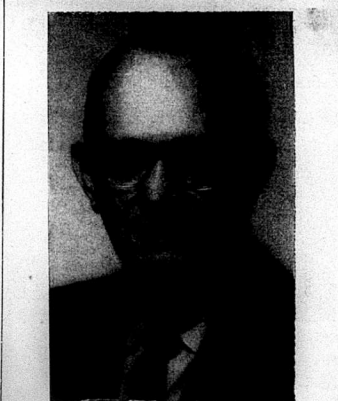

Taylor, who in 1962 served an interim appointment by the governor as sheriff, has had more than 21 years' experience in Florida law enforcement.

The 46-year-old Democratic candidate became a Highway Patrol officer in 1940 after majoring in accounting at the University of Florida and John B. Stetson University. He was born Deland, Florida, where he attended high school.

From 1942 to 1946, Taylor served

Local Man Seeks Circuit Court Job

William C. Moss has qualified for the post of Circuit Court Clerk for Palm Beach County, and announces his candidacy for the post.

Mr. Moss has been a resident of West Palm Beach for the past twenty years. He was born in Kentucky, is married, a member of the First Methodist Church of West Palm Beach and resides at 2407 Parker Avenue, West Palm Beach.

Mr. Moss has had more than fifteen years in the city and county Government. He was supervisor of Payroll for the city for ten years, resigned this post to become Assistant to the Comptroller of Palm Beach County. This position he resigned to become Chief of the Civil Division of the Palm Beach Sheriff's Department. He is now Secretary and Treasurer of the

ved in the U. S. Coast Guard as a Chief Specialist in the Intelligence Service. On his return to the Highway Patrol he was promoted to sergeant and a year later became a lieutenant. In 1949, Taylor was promoted to the Patrol headquarters in Tallahassee where he served as Administrative Assistant to the Director of Public Safety, as well as Safety Officer and Public Information Officer.

Following graduation from the Police Administration Long Course at Northwestern University at Evanston, Ill., Taylor was promoted to Captain of the Florida Highway Patrol in 1953.

In 1956, he was made Commander of the Turnpike Troop in charge of traffic enforcement for the Florida Turnpike Authority, also serving as Safety Director, Communications Officer and Transportation Officer for the Authority.

Taylor was appointed Director of Operations for the Turnpike in January 1961, and a year later officially retired as a captain of the Highway Patrol to devote full time to the increasing responsibilities of the Turnpike job.

Recently, Taylor received a public commendation from the Turnpike Authority for his work in organizing and operating the Turnpike Patrol and for his ser-

Page 14 THE HERALD, Belle Glade, Florida MAR. 19, 1964

Roman Leads Rams In Track

Belle Glade faced Riviera and Seacrest in the second track meet of its season in Riviera Wednesday, March 11. Although Belle Glade did not win the meet, track coach Harry Davis said that he was well pleased with the team's showing. The biggest disappointment for the Rams was the fact that several of the boys were unable to attend the meet.

Wayne Roman was the star Ram, winning the high jump with a height of 5' 3 1/2". Wayne was the only boy from Belle Glade to place first. In two close races, John Causey placed fourth in the 100 yard dash and the 220 yard dash. Thomas Scarp came in third in the broad jump. Ronnie McWhorter placed fourth in the high hurdles. Because of a fall while going over the last hurdle of the race, McWhorter did not place in the low hurdles. However, he made a good showing for the Rams.

The meet ended with scores standing as follows: Seacrest 92, Riviera 75, and Belle Glade 12.

The Ram's third track meet will be with Pahokee and Glades at the home track here in Belle Glade tonight Thursday, March 19. Because Pahokee has an outstanding 860 and sprint medley relay team, the meet should prove to be very exciting. Field events will start at 7:00 and track events at 7:45. Everyone is urged to attend the track meet and support the Rams. Admission is free, but donations will be appreciated.

New Furniture Placed

New patio furniture has been placed on the patio outside the cafeteria. The furniture is concrete with tops of blue and gold. The school colors. ACE concrete products supplied the furniture.

The patio was left by the class of '63. The F. F. A. boys also have contributed their time and cost to this patio.

Rubin Construction Company poured the asphalt, which covers the bottom of the patio.

Landscape is being planned for the patio, and in due time our school will be proud of this beautiful addition to our campus.

Belle Glade Defeat Ft. Pierce 6-5

The unlucky day, March 13th, proved to be good for Belle Glade when they defeated Fort Pierce 6-5 on Friday afternoon. The score remained at 1-0 through the fifth inning in favor of Fort Pierce. The highlights of the game were Ray Sullivan's hit making the score 1-0 and Eddie Buckner's triple to center field which was hit by Charles Thompson's single won the game for Belle Glade. The game was an exceptionally good one and was enjoyed by everyone.

Belle Glade was defeated by Stuart on Tuesday, March 10. The final score was 11-0. The final score was 11-0. The final score was 11-0.

Band Competes In District Contest

The district band contest will be held in the gym Thursday morning at nine o'clock with the Belle Glade High School band competing in concert and sight reading. The band has already made one Superior in marching, and must make at least one Superior and one Excellent to go on to the state contest which will be in Tampa this year. For the concert selections the band will play "Brighton Beach March" as a warm-up, "Donna Juvenis" as the required overture, and "Overture for Winds" as the selected overture.

Last week several of the band members were also competing in the district solo contest which was judged by Mr. V. D. Sturgis of Sarasota, Florida. The following students received Superior ratings: Darlene Dupree, Flute Soloist; Janet Hotard, Clarinet soloist; Anna Roberts, Alto Saxophone soloist; Cherry Bridges, Baton solo; Pat Lane, Bass solo; the Trumpet Trio of Franklin Stuart, Mike Mikovsky and Jimmy Meeks; and the Majorette Corps. Those soloists who received Excellent ratings were Mary Kate Pond, Buddy Bender and the trombone quartet made up of Buddy Bender, Jimmy Richardson, Ronnie Smith and Jimmy Altman. Congratulations!

Around The Campus

FAD — Measles EXPRESSION — All woggles are snuggles. This snuggle is a luke! FLIRTS — Dorraine Fiehe and Ricky Kruse. SONG — Cassius Clay's "Stand By Me". BEST DRESSED — Kay Williams and Ron Halbrook. CLASS — 3th Period and Study Hall. MOVIE — "Tom Jones". CAR — John Lee's Spider. T. V. PROGRAM — "Destiny". CLOWNS — Freddie Whitlock and Brenda Buckner. SNOWED-IN — Julie Abel and Diddy Mills.

Co. Spelling Contest Representatives

Libby White and Gary Walter will represent Belle Glade at the county-wide spelling contest to be held April 4, at Palm Beach Junior College.

These two Sophomore students will compete with two students from each of the other senior high schools in the county.

They were the overall winners of the Sophomore spelling contest.

Pardon Us!

In last week's paper we listed the Teacher Superlatives. Most Attractive was erroneously omitted. The winners of this superlative are Mrs. Helen Smith and Mr. Luke.

Gossiping Gandy

Well boys, in only two more days the Harvest Queen Contest will turn the witches you meet in the hall every day into Cinderellas. They have been going without make up and food, trying to clear up that complexion and slim down that figure. Maybe the diet is the reason for the growls instead of the smiles.

Some of the dates are as follows:

Billie G. and John C. Helen C. and Butch B. Cheryl S. and Dick W. Nancy F. and Bootsy W. Laura R. and Roy H. Robyn T. and Harley H. Lina and Gary C. Darvane W. and Bobby M. Lisa G. and Andy F. Nancy P. and Bert D. Jo V. and John S. Janet H. and Danny L. Ann W. and Pat G. Joan F. and Johnny D. Cherry B. and Eddie M. Claudia L. and Skip S. and Francie H. and Kenny S. After the contest they will attend a dance at the Civic Center.

Seniors destined for PMIC took placement tests Saturday which will be a deciding factor in the courses they will take next year. After the brain washing some went to the beach, some shopping, and others came home to recuperate.

Sunbanned bodies have been numerous in the halls this week. What happened, did Belle Glade evacuate to the beach Sunday?

What is so exciting about going to the show in W. P. B. on Friday nights? Is it just the B. G. is such a dead town?

It seems Danny S. Linda M. and Neil W. all had something in common last week. Was it measles?

Mr. B. don't you ever get tired of staying after school? We do!

Rafael A. Why do you have gray hair? Could it be too much studying?

Did I'll hear what the theme of the prom is? Anyone who knows, please contact any senior.

The Prom is only a month away. Does anyone have Dates?

The big reason is "Kuhel" "Drivpower". All four wheels are power wheels instead of just two. Take a demonstration drive soon. You've never driven a car that can do the things this one can.

F. F. A. Sweetheart Contest Postponed

The F. F. A. Sweetheart contest of Belle Glade, originally scheduled for Friday, March 13, was postponed until April 3, 1964.

The contestants felt that the contest was too close to the Harvest Queen contest and also some of the girls weren't ready.

More announcements about it will be told at a later date.

"Holiday Dance"

The Para Medics club is sponsoring the Easter Holiday dance this year. It will be held on Thursday evening, March 26th in the school cafeteria. The dance will begin at 8:00 and last until 12:00. Refreshments of punch and cookies will be served free of charge. Admission will be 35c stag and 50c drag. A large crowd is expected, so don't miss out on the fun and excitement.

Science Assembly

The assembly program Monday, March 9th, was given by Mr. Carl Atkins, who was speaking in behalf of the South East Assemblies. He gave an interesting performance showing the basic fundamentals of today's space age.

The program was held in the Belle Glade School Auditorium. It was sponsored by the Beta Club as its annual service project for this year. The students enjoyed it tremendously.

next to your electric washer you'll LOVE an all-electric dryer

AN AUTOMATIC ALL-ELECTRIC DRYER is a perfect companion for your electric washer. WHAT A TIME-SAVER! Just pop in the clothes and set the dial. "Instant sunshine" is always at your command... day or night, rain or shine.

WHAT A WORK-SAVER! Goodbye backache and tired feet. No more lifting and lugging heavy wash baskets to clotheslines and back again.

WHAT A CLOTHES-SAVER! Electricity's flameless and fumeless heat is gentle to your clothes. Dries 'em fully, sweet-smelling, wrinkle-free... in billows of warm, clean air. With a flameless all-electric dryer there are no products of combustion, no fuel odors or fumes in your laundry. No fading or yellowing. Colors stay bright, white things snow-white.

FASTEST EVER! You need fewer clothes for growing children—and fewer towels, sheets and linens, too—when you can wash and dry everything so quickly and conveniently.

DRIES BEST, COSTS LESS! Insist on an all-electric dryer. Free from flame and fumes, it needs no flue and can be installed anywhere. An all-electric dryer is CHEAPER TO BUY... CHEAPER TO OPERATE!

For complete washday freedom, go all-electric with an automatic Electric Washer, Clothes Dryer, "sit-down" Electric Ironer, and a super-hot, super-safe Electric Water Heater for hot water aplenty without waiting or worrying. And remember—it's cheaper to go all-electric in your kitchen-kumtry than to use a combination of new, old, and yellowed. TRIC APPLIANCE DEALER TODAY.
